SUMMER CAMP INTERNATIONAL

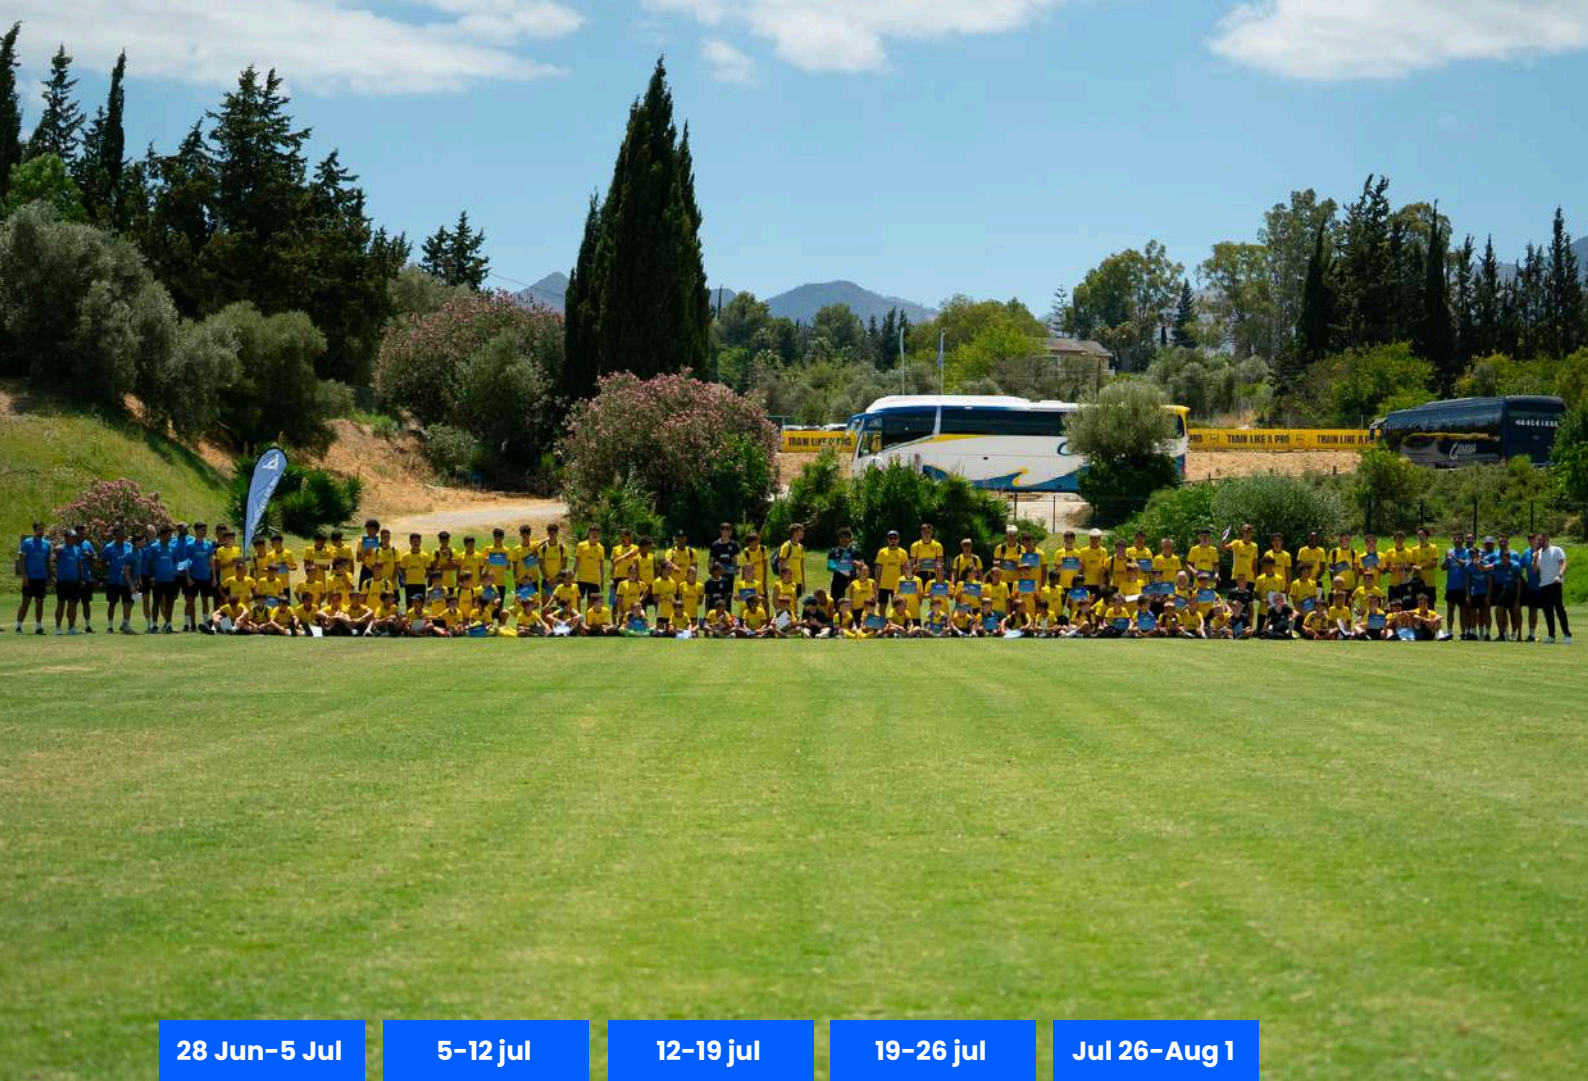

Our summer camp will begin on June 28th in the city of Málaga. It will last 5 weeks and you will be able to choose your customized camp.

The program is designed for young players between the ages of 6 and 23, who will be divided into small groups according to their playing position, age, and technical level. This last criterion is especially important, as our goal is to support each player's development in a personalized way. Group placement is based on each participant's individual abilities to ensure that training sessions are adapted to their specific needs and potential.

Participants will live and train alongside teammates and coaches from different nationalities, many of whom come from top youth academies in Spain and across Europe.

- Small training groups, including a dedicated program specifically designed for goalkeepers.
- Specialized drills using a wide range of professional sports equipment.
- High-performance training sessions focused on enhancing each player's skills and abilities under the guidance of our expert coaching staff.

ELITE PLAYERS

HIGH PERFORMANCE COURSE

The training sessions will immerse players in a professional coaching level and follow "PFC Method," a structured weekly development program focused on enhancing physical, mental, tactical, and social skills. Each session will include technical and tactical drills covering all aspects of the game, including individual and team attacking and defending, playmaking, and transitional to ensure comprehensive player development throughout their time with Profutcamps. Additionally, specialized strength sessions will be incorporated to target injury prevention and optimize performance.

Do you play in the Honor Division, 3RFEF, National or Reto Iberdrola?

Elite level is within your reach. Deepen your understanding of the game and train to compete at a professional standard.

FACILITIES

FOOTBALL FIELDS

PFC COSTA DEL SOL

PFC Costa del Sol is located west of Málaga, in the Guadalhorce Valley. The facility features five 11-a-side natural grass football pitches where professional teams and world-class players train. It also includes two fully equipped gyms located pitch side, as well as a stadium with a capacity of 1,500 spectators.

Our center enjoys a privileged location, just minutes from the beach, mountains, Málaga Airport, the city of Málaga, Marbella, and Gibraltar—making it one of the few places in the world that offers so much to athletes in one setting.

Covering over 200,000 square meters of natural landscapes surrounded by native vegetation, PFC Costa del Sol provides the perfect environment for outdoor training in the heart of the Costa del Sol—a region with a unique microclimate, more than 300 days of sunshine per year, and an average annual temperature of 24°C.

Training and participating in our programs is a unique experience. PFC Costa del Sol not only offers an exceptional natural environment but also ideal conditions for both high-performance sports and leisure.

FACILITIES SPORTS RESIDENCE

**EXPERIENCE THE ULTIMATE SPORTS EXPERIENCE
ON THE COSTA DEL SOL**

This summer, we're launching a completely redesigned experience: our program takes a major step forward with brand-new accommodations at a modern residence located just 15 minutes from the campus — a space carefully designed to offer relaxation, social connection, and maximum comfort.

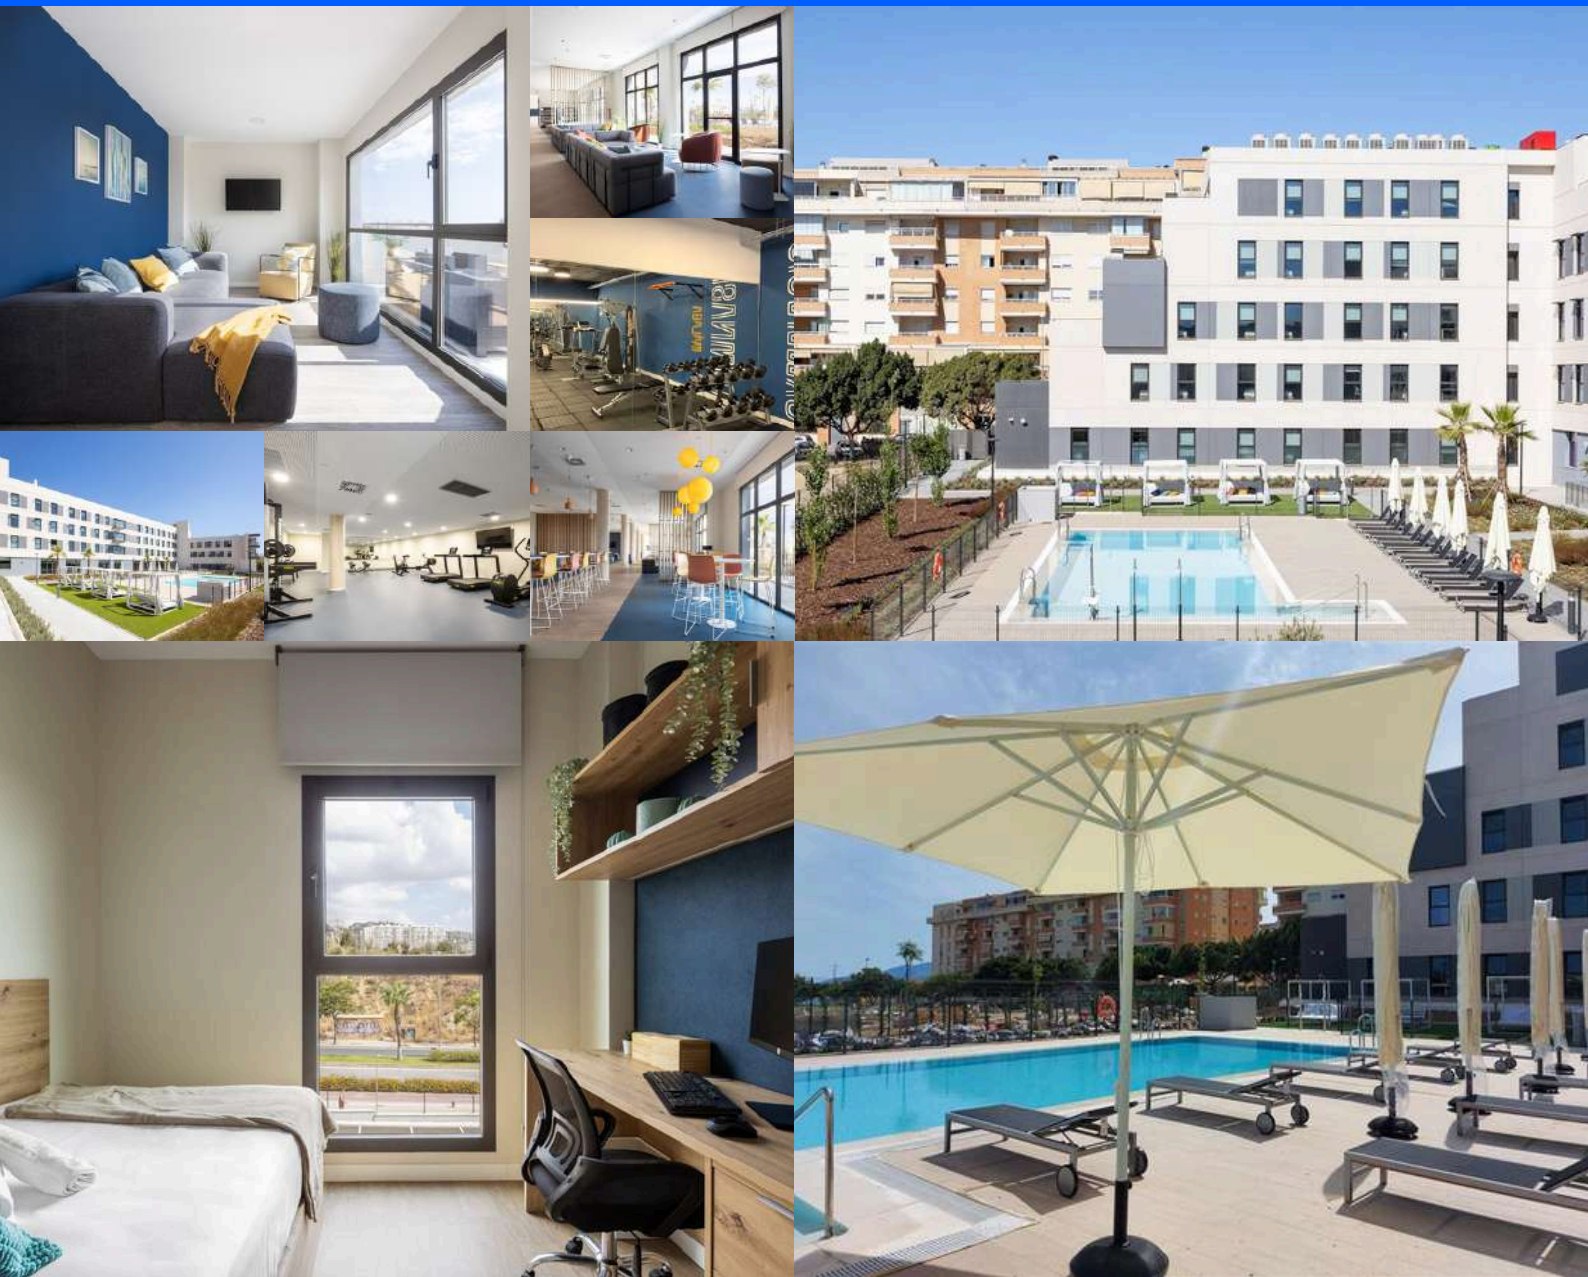

This new option provides an environment entirely dedicated to sports and community living. Instead of a traditional hotel stay, players will enjoy an authentic team experience, sharing first-class facilities in a young, modern, and dynamic setting.

**NEW ACCOMMODATION, SAME ESSENCE:
MORE LIFE, MORE TEAM, MORE CAMPUS.**

The facilities feature spacious, bright rooms, a swimming pool, a fully equipped gym, study areas, leisure zones, landscaped gardens, and common spaces designed for socializing, relaxing, and building new friendships.

The residence also provides cleaning, laundry, and 24-hour care services, ensuring maximum comfort, convenience, and safety throughout your stay.

This change represents far more than just new accommodations — it marks an evolution of the campus into a more complete, independent, and educational environment. Our goal is to play an active role in the holistic development of each player, both on and off the field.
